Gene -  
 Would you believe I really don't know when  
 to begin? In two weeks I will graduate  
 from Mount Vista High School. I will take  
 with me a greater knowledge of education,  
 but I will leave behind many close  
 friends - you are among them. I guess  
 our friendships started when you were in  
 the 9th grade and we were both in  
 Algebra class. (WE WERE PRETTY DUMB!) I remember  
 the days we cleaned the shut, the  
 dances, and our dates. - I had a wonderful  
 time on every occasion. Although our  
 friendship has had its ups and downs I  
 still admire you and think a lot of you.  
 I can truthfully say that it is an honor  
 for me to be able to call you a close  
 friend. Gene, you are a great guy with  
 a wonderful personality. To you I wish  
 nothing but the very best in life.  
 May God always bless you and may

your life always be full  
 of happiness. I'll always  
 remember you, and I hope  
 you will always remember  
 me. I'll miss you.  
 on a new horizon.

Love,  
 Martha Anne  
 "Murf" 66

P.S.

I'm really glad that I got  
 to "know you". I only wish  
 that things could have worked  
 out. Maybe the future will  
 be brighter for the both of  
 us.

 Peggy

As we look back over this school year, 1965-1966, we should all feel a great deal of pride in our accomplishments. We have accomplished what no other generation has had the courage to face--integration of our school. We have not solved all the problems but we have started moving in the right direction.

By the time a student reaches highschool he generally has added to his philosophy of life the idea that the only thing that he can be sure of is change. Each of us must be prepared for a changing way of living in an ever changing world. Today is not like yesterday and there will be no tomorrows like today.

As we mature we must accept change as a natural phenomenon of the universe. Change brings progress and as our progress becomes more technical we must be prepared to reevaluate our values, attitudes, and behavior according to the dictates of our time. Our efforts this year clearly show that we are doing these things.

To the Class of 1966, I say well done--your attitudes, behavior, and academic accomplishments all lead to the conclusion that you have completed your high school career with great dignity. To the rest of the student body I would say congratulations and keep up the good work. The Class of 1966 has shown the way--who will have the courage to do a better job?

To the faculty and students I say thank you for a splendid year. It is indeed a genuine pleasure for me to be a part of the spirit that is uniquely that of Mount Dora High School.

## Junior Class Play

The Junior Class Play has become a part of the tradition of M.D.H.S. The play is not only a very important money-making project for the Junior Class, but it also gives the individual student a chance for self-expression.

The play selected this year was "The House On The Cliff", a mystery thriller in three acts. During the weeks that preceded the play all members of the production staff took on a professional air, and even such small things as extension cords were treated with dignity.

Have you ever wondered who created "Beauty and the Beast"?

"The Three Stooges?"

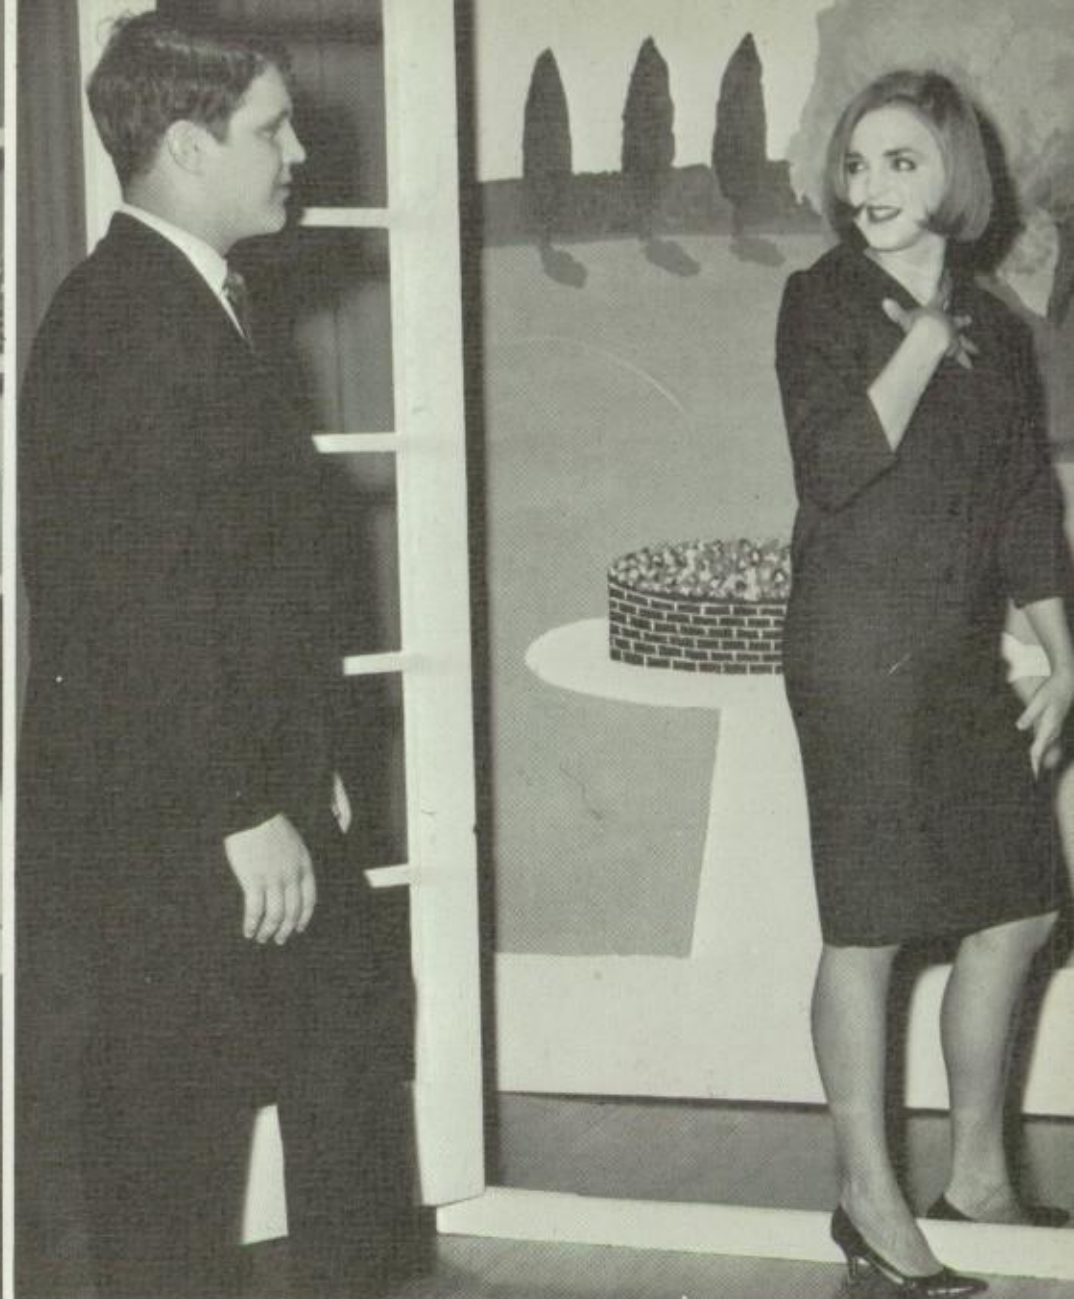

Miss Pepper, about that trip you were planning to take--"

I bent; I stooped... and then there was the sound of ripping cloth...

Are you kidding? Me--belong in a freak show?! Really!

*Short Play*

With victories on the gridiron, winning laps by our tankers, and base hits by the diamond-men, the athletic world of Mount Dora took the conference by storm.

Grueling practice, a sense of fairplay, and constant determination brought many rewards to the Hurricanes this year. The mighty Hurricanes aimed high and gained much . . . in experience, stature, sportsmanship, and athletic ability.

The Golden Hurricanes took the Mid-Lakes Conference by surprise this year. Led by outstanding rebounding and a good offense, the Canes had a brilliant season. With the help of Butch Townsend, (6'5"), and Bill Taylor, (6'4"), the Canes managed to control the boards in every game. Hustle and good spirit were the key to success. Allen Whittington, Charles Alderman, and Ken Atkins were always prominent in the scoring column. To Coach Allbritton - his first year as head coach - congratulations for a great year.

Calvin Coolidge once said, "Advertising is the life of trade." Merchants know that they must keep their products before the buying public. The civic-minded merchants in Mount Dora have chosen to do this by advertising on the following pages. This section is a very important part of our yearbook, for without the support of these people, this book could not have been published. We appreciate their patronage; they'd appreciate yours.

## *The Year in Retrospect*

A new year... Arrive at M.D.H.S.... Many new faces... Friends... Now it is time to study...  
 New and Different courses... pre-game strategy... For our parents, Back to School Night...  
 Anxious students await decisive test results....

*Rodgers*

The honor of induction into the National Honor Society...classes and tests...Juniors proudly display their new class rings...our halls of learning will not be invaded--Abby faithfully guards our Alma Mater...research papers and projects...buying lunch tokens...

Student Council sells ice cream...National Honor Society member willingly tutors student... town enjoys the Band's Day in the Park...never ending homework...teacher's cluttered desk shows a hard day's work...students pledge their allegiance during an assembly...Seniors enjoy Skip-a-Way Day...

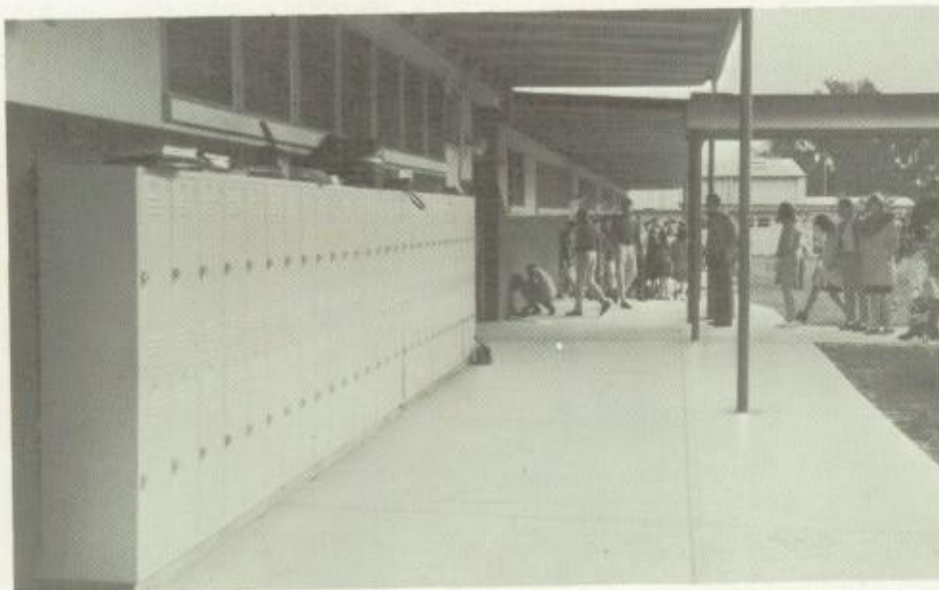

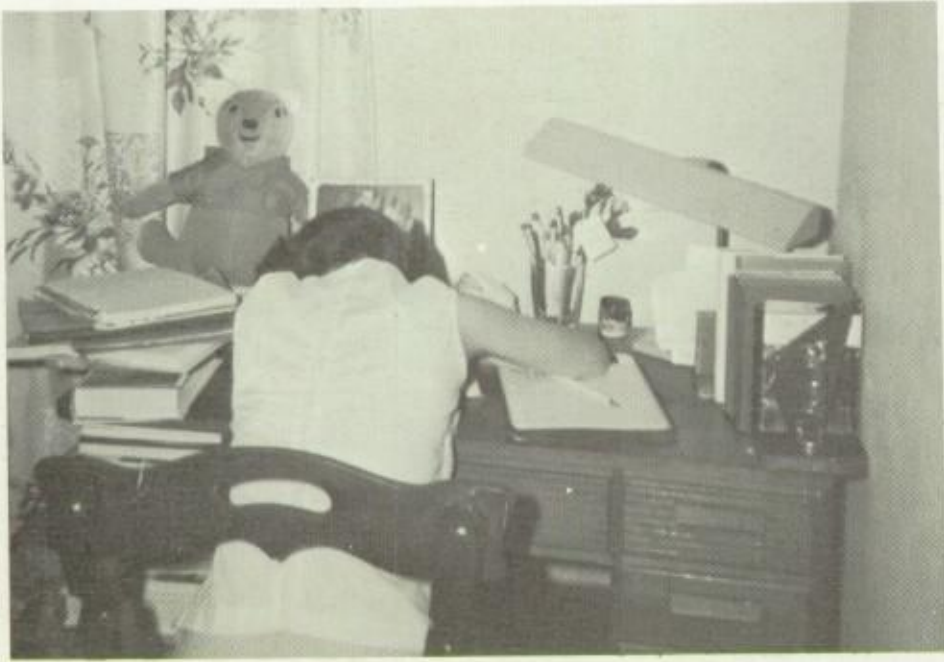

Stray Leaves staff meets final deadline...students  
grab a coke at the drugstore...a thoughtful moment  
...Be careful, Coach...many enjoyable evenings  
spent at the Hut...

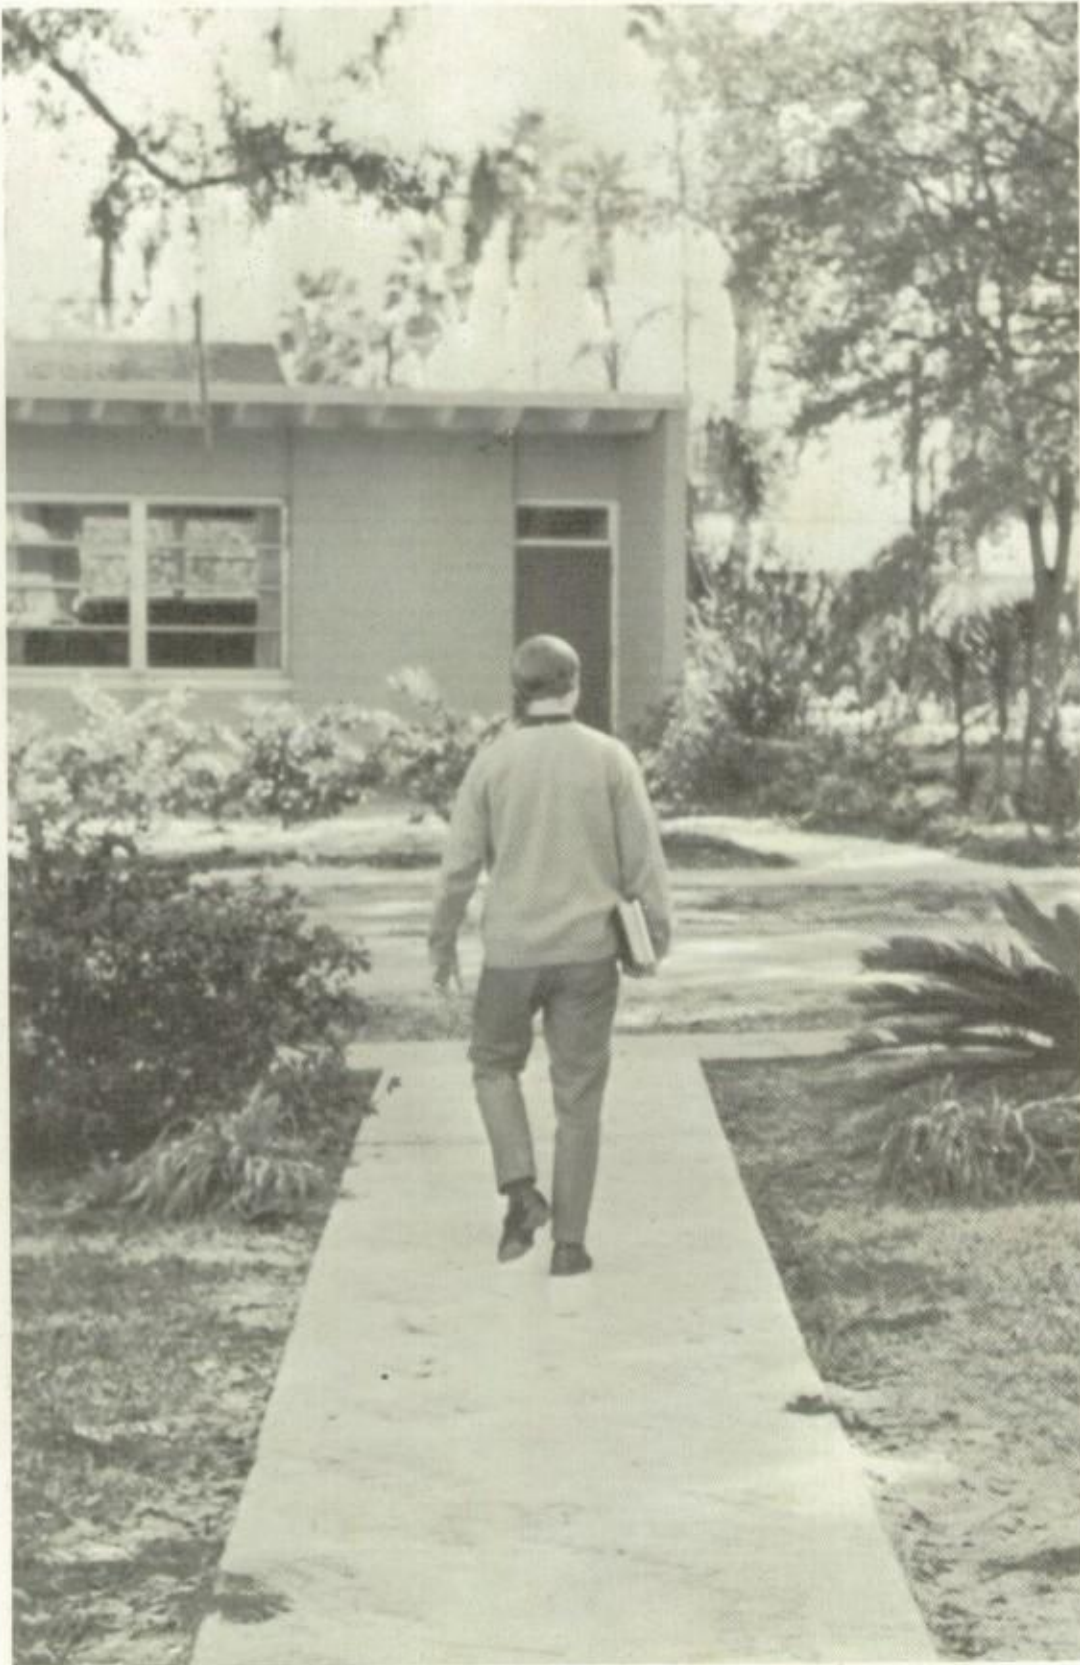

Students spend long weary hours over books...mammoth buses dwarf lone student as he heads for home...Juniors rehearse for play...Seniors sadly leave last homeroom meeting...final day of school--empty senior lockers...and finally, the year is gone...time for graduation...this was the year 1966.

## *Another Day Is Done . . .*

Look closely at our past then go with us  
into the future, realizing as we do that "gone  
are the yesterdays but the sun dawns on a new

I sure have alot of things to say but don't know where to begin. I had a blast this summer with you. Honestly, I've never had so much fun with any other guy. The times we went to U. Boat Dock and spun donuts half the night. That really was a lot of fun. The trip we made to Orlando, once with just Chris and he <sup>(no offense)</sup> undid the mileage wire and the other time with that great cousin of yours along with Markie & Hank. We all went walking in there beafooted and every one looked at us. The first couple of days when I rode to summer school with you. Everyone thought I was nutty, but I didn't care - I went for a good reason and I guess you knew that. Oh well, those are just some of my golden days while I was going with you. Kites to the very best and sweetest guy I have ever known. - may the best of luck which life has to offer. I'll never forget you.
